

Attachment A.

Standard Review Process for activities that may affect the historic character of the Warm Lake and Paradise Valley Recreation Residence Tracts

Pursuant to the
Programmatic Agreement
between
the Boise National Forest,
and the Idaho State Historic Preservation Officer
regarding the
Warm Lake Recreation Residence Management
Program

When homeowners submit a proposal for review:

1. District will review for consistency with Forest Plan standards. If the proposal is not consistent, the proposal will not be approved. See Attachment D for Standards and Guidelines
2. If consistent, then the proposal will be reviewed for potential to affect the historic character of the Warm Lake Recreation Residence Tracts
 - i. Proposals for activities that will not affect any contributing element, or the primary façade of the primary residence will be approved by the Special Use Permit Administrator (the SUPA). See Attachments B and C for listings of the contributing elements and primary façades.
 - ii. Any proposal for ground-disturbing activities, or any activity that would affect contributing elements, or that would the primary façade of any primary residence, will be reviewed by the Heritage program leader.
 1. The SUPA will refer these proposals to the HPL.
 2. The HPL will determine if an adverse effect would result from the proposed activity
 - a. In the event that the HPL determines that the activity will have no adverse effect, the HPL will document the finding and report the finding to the District SUPA. The SUPA will ensure that the proposal is implemented as proposed
 - b. In the event the HPL finds that the proposal would result in an adverse effect to the historic character of the lot, tract or the historic district, then the HPL will contact the SUPA and recommend an alternative to the proposal.
 - c. If the proponent fails to accept the alternative, then the HPL will document the finding of adverse effect.
 - i. If the adverse effect can be mitigated by additional documentation prior to implementation, the SUPA will inform the homeowner that approval will be

contingent on completion of the additional documentation.

- ii. If the adverse effect cannot be resolved, then the SUPA will ...
 - iii. Proposals that are found by the HPL to have the potential to affect the eligibility of the tract will be reviewed by SHPO during the annual review.
3. All reviewed activities and subsequent actions will be entered into a summary listing for review under the terms of this PA at the end of each fiscal year.
